FOREIGN MISSIONS.

Interesting Statistics of the Society in Cincinnati—New Fields of Work.

Among the most prosperous missionary organizations of this country is the Foreign Missionary Society of Cincinnati, Ohio.

During the past five years its receipts have been doubled, and last year they reached \$100,000.

Missions have been founded by the Christian Church in India, China, Japan, Africa, Turkey, Scandinavia and England. One of the most important steps recently taken is the planting of Churches in Cuba.

Two missions will be sent to Havana soon. A mission will be planted under the shadow of Morro Castle. This religious body has 24 missionaries in foreign lands, and a number more will be sent next year.

The annual offering in all the Churches of this community for Foreign Missions is the first Sunday in March. The Church in this place may be counted upon to do its full part.

We are reminded of the rapid growth of this religious body. In only about 25 years the people have come from 10,000 to 100,000.

Last year made a man of no less than \$100,000, and their war chest this year is a gain of \$100,000. They have more than 1000 Churches and about 6,000 Ministers. They are building up a number of splendid educational institutions in different parts of the country. Last year for all missions they raised more than \$100,000. They are calling for \$100,000 this year, and not without hope of success.

The Jubilee of their organized missionary work is to be observed October 10th and 11th of this year at Cincinnati, where the American Christian Missionary Society was organized for Home and Foreign Missions in 1840. Alexander Campbell was the first president. Fully 10,000 delegates are expected to attend the Jubilee Convocation. The great Music Hall of Cincinnati has already been secured, and other large meetings will be used. No doubt there will be a creditable representation from the Church in this place.

NEWS IN KENTUCKY.

BOTH INTOXICATED.

A Young Lawyer at Louisa, Ky., Who Was Hit By Captain Fatally Wounds a Steamboatman.

LOUISA, Ky., March 4.—Jerry Monnington was fatally shot here Friday morning by Harry Price, a young lawyer. The ball entered the head above the right temple and penetrated the brain. The men were on the steamer Argand when the shooting took place. Both are said to have been intoxicated. Price was a member of the 1st Kentucky volunteers, and Captain R. S. Atashford last week. Monnington is employed as tongsman on the Triple State Gas Line. The injured man was brought here shortly after the shooting and given medical attention. He was sinking Friday afternoon, and his physician said there was no chance for his recovery.

Tobacco Factory Burned.

OWENSBORO, Ky., March 4.—John D. Elliott's tobacco factory, on the river front, was destroyed by fire Friday afternoon. Loss \$25,000, with \$30,000 insurance. This is the second factory Elliott has had to burn here. A heavy north wind blew the dense tobacco smoke through the windows of the building, suspending no one bold enough to witness the suffocating fumes. On the streets it was impossible at a distance of several blocks to distinguish a man six feet away while the fire was raging on account of the volume of smoke.

Holdup at Lexington.

LEXINGTON, Ky., March 4.—The thunder-clap occurred a climax at 6 o'clock Friday evening when it began hailing. For 15 minutes with the rapidity of bullets from a coating gun, the icy formations poured down in sizes ranging from that of a pea to a hen egg, and weighing from one grain to an ounce. Hundreds of windows were broken. Many horses pealed by the curb took fright and ran away, the mudholes being so deep.

Fingered on a Steamer.

Louisville, Ky., March 4.—Harry Price, a young lawyer of Cutlersburg, fatally shot Jerry Monnington through the head Friday morning, seven miles below this place. They were on the steamer Argand. Monnington was employed as a tongsman on the Triple State gas line. He was a member of the 1st Kentucky volunteers, and is the man who shot R. S. Carr at Ashland last week.

Their Trials Set.

LEXINGTON, Ky., March 4.—City Commissioners, R. H. and M. S. Rogers, of Cincinnati, Ohio, appeared before the grand jury Wednesday, appeared before Circuit Court Clerk Rogers and gave bond, C. G. Gilman, saloonkeeper, standing for the \$900 bond of the city Judge and Judge Riley himself signing his security for \$900 on the bonds for Squire Oldham. Their trials were set for next Tuesday morning.

Late Wheat Demanded.

FRANKFORT, Ky., March 4.—Commissioner of Agriculture Moore will issue the monthly crop bulletin March 10. It will show, according to reports from correspondents in about 100 counties that late wheat was severely damaged by the February freeze. The peach crop is practically destroyed. Cherries and other small fruits were injured, but apples are unharmed.

Others on Trial.

LEXINGTON, Ky., March 4.—The Woman's Auxiliary of Christ's Episcopal Church decided to support a train of six to eight mountain wagons to bring supplies to the garrison of Kentucky. T. Marie G. Boyd, of the Good Samaritan hospital, has been selected to care for the horses. They are equipped with medicines will cover her mission.

Thompson Succumbs.

LODGESTONE, Ky., March 4.—Deputy Clerk Lindsey, of the United States court here, received notice Friday of the temporary appointment of H. M. Averitt, of Thompson, as judge. James W. Hart, of Louisville, was appointed to take his place. John W. Hart, resigned. The appointment was made February 27.

Kentucky Estimates.

WASHINGTON, March 1.—The following four-state postmasters were commissioned in Kentucky Friday: Big Sandy, Madison county; John S. Trinity, Muhlenberg; Bourbon county; R. E. Bouldin.

Confederates Will Organize.

CONCORD, N.C., March 4.—An effort has been made to organize a camp of confederate veterans here. There are some 25 or 30 ex-confederates in Columbia, who will apply for a charter as a camp of the United Confederate Veterans. The camp will cooperate with the union veterans here in caring for the graves of confederate soldiers in Camp Chase cemetery.

The Pride OF THE WORLD IS: The Vulcan!

We know that this is the best DISC HARROW in the world! It cost us considerable money and three years time spent fooling with other Harrows to find out this. We give you the information gratis. This Harrow has thirteen discs in one gang and six in the other. Throw the gangs in any position you please, on either side of the hill or any angle of a crooscut and this seven disc is always in the middle performing its work—positively and absolutely cutting out all the center. This Harrow has no neck weight, runs light and follows the patient method of hanging the gangs, literally tears the ground all to pieces. It is the strongest and best made Harrow on earth, weighing 125 pounds! We put out forty-four of them last Spring and they still revolutionized the business. We can show you voluntary testimonials from the best farmers in this country! Don't make a mistake but buy an up-to-date Harrow.

We have just received a carload of them and can name the lowest price on record!

FARM WAGONS!

We experimented with FARM WAGONS eight years before we found one to suit us. At last we found "way down old Hickory hills of Pennsylvania black birch—all woolwood dipped in hot lasso'd oil—swelled green on perfectly cold—boxes put in hubs without any wedges—trued very heavy—built in proportion and perfectly balanced. This Wagon runs like a buggy! This Wagon is called FLORENCE after the town in which we bought it. The Vulcan Plow, Landslide and Moldboard Interlock—doevel—on to the Standard. You never break a bolt on a Vulcan Plow because the interlocking device takes all the strain off the bolts! We put out many years ago Vulcan Plows and never sold a single Moldboard. Vulcan Moldboards are ridged—the ridges are not chilled thus adding 40 per cent. to their strength. Due to the peculiar shape of the Vulcan Landslide it takes the land well and sticks. Why the Vulcan plows a fairly good furrow without the operator holding the handles!

We know that the VULCAN is the best Plow made. We wrestled with plow handles, trying to hold the Plow into Bracken county soil, two full years before we found this out. You need not tell us your troubles with other Plows—how hard it is to hold it into land; what a mean furrow it makes—how your points break—how the hole in the point is eternally breaking—how you have to carry the Plow around the end—we have been all along the line. But our troubles all ended when we bought a VULCAN! The Vulcan Plow, Landslide and Moldboard Interlock—doevel—on to the Standard. You never break a bolt on a Vulcan Plow because the interlocking device takes all the strain off the bolts! We put out many years ago Vulcan Plows and never sold a single Moldboard. Vulcan Moldboards are ridged—the ridges are not chilled thus adding 40 per cent. to their strength. Due to the peculiar shape of the Vulcan Landslide it takes the land well and sticks. END OF CONGRESS.

The Last Legislative Day Was
One of Excitement, Confusion and Work.

AN ALL NIGHT SESSION WAS HELD.

At Times the Confusion Was so Great
as to Render Transaction of
Business Impossible.

Many Important Bills Were Disposed of
in Both Branches—Crowded Galleries
were Locked Down Upon the
Struggling Members.

WASHINGTON. March 4.—As excitement, confusion, heavy strain and hard work have characterized this, the last legislative day of the Fifty-fifth congress in the senate. At times the confusion was so great in this usually staid and decorous body as to render the transaction of business almost impossible. Business that ordinarily would have the undivided attention of every senator in the floor was suspended and held in abeyance until it was next to impossible to follow the proceedings.

Towards midnight order was being evolved from the seeming chaos of the early part of the day and evening and the prospect was fair that congress would adjourn at noon Saturday with its absolutely necessary work completed.

When the senate convened at 11 o'clock Friday morning it faced the task of considering two of the great appropriation bills, those for the army and for supplying the general defences. The former carries appropriations exceeding \$50,000,000 and the latter about \$20,000,000.

With a determination to complete the appropriation bills the senate began immediately at 11 o'clock in the morning to consider the bill at 8 o'clock Friday night the army bill was passed, the deficiency bill having been passed nearly three hours before.

A conference report on the Alaska criminal code bill was presented and agreed to.

A partial report on the sundry civil appropriation bill was agreed to but the inability of the senate conferees to secure an agreement on the Hawaiian cable proposition created a heated discussion, in the course of which Speaker Reed was alluded to as unscrupulous.

The Toledo exposition bill carrying an appropriation of \$500,000 was passed without debate.

Friday night when the river and harbor conference report was presented a debate upon the recessional of the senate conferees from the senate amendment providing for reserves to irrigate lands at the headwaters of the Colorado was postponed by the advocates of the proposition. An effort was made to recommit the bill to the conferees, but it failed after an impassioned speech by Senator Frye, who submitted the report.

Crowded galleries looked down upon the struggling members of the house Friday, as the closing scenes of the last legislative day of this congress were being enacted. Step by step the leaders in the gallery proceeded to the bar and passed them through the final stages and during every lull in the consideration of conference reports members clambered for recognition for belated bills in the vain hope of rescuing them from death on the calendar.

At times the house was like Bedlam. Pound as the speaker would with his gavel, it was almost impossible to preserve order, and to the casual visitor in the gallery procedure of the house must have been as incomprehensible as an exciting day in the wheat pit would be to a parish priest. The noise and confusion on the floor, punctuated with the constant banging of the speaker's gavel or backgrounded with the droning voice of the clerks, broke members facing each other and talking at the same time, pages scurrying up and down the aisles, all this was interminably distracting. But the people in the galleries stayed on, and when a dozen pages in the corridor waiting for every moment sent so great as the attraction of a dying congress. Both houses were in session at an early hour Saturday morning.

The house passed the army appropriation bill with all Senate amendments and the bill now goes to the president.

Quarantining Texas Ports.

AUSTIN, Tex., March 4.—Gov. Gayres Friday issued a proclamation becoming effective April 1 quarantining Texas ports and border from any person affected with yellow fever, smallpox or cholera.

fatal Fire in a Tenement House.

BOSTON, March 4.—Two women were burned to death and a man was severely injured in a fire which occurred in a tenement block on Dover Street.

Kiping Improves Rapidly.

New York, March 4.—Kipping continues to improve rapidly. His condition was satisfactory in every way and but one bulletin was issued Friday.

Confidence Report Adopted.

WASHINGTON, March 4.—At 8:30 a.m. Saturday, the senate adopted the conference report on the river and harbor bill. It went to the house.

AN ADVANCE IN WAGES.

The Cotton Manufacturers of the New England States Have Decided to Reverse the Schedule of 1897.

BOSTON, March 4.—Advices received Friday from several mill centers in New England make it apparent that the action of the Fall River cotton manufacturers taken in voting early this week to restore the schedule of wages paid in the cotton mills in Massachusetts and Rhode Island. Following the action of the Fall River mills the mills in New Bedford, Rhode Island towns and other manufacturing centers of southern New England, the seven corporations of Lowell, the Amesbury, Stark and Amory mills of Manchester, and the mills of other places have decided to advance wages on April 3. The Chelmsford mills, Franklin Mills Co., and others already have advanced their schedules. While up to Friday Maine manufacturers had not made any announcement it is understood that some of them have the wage question under consideration. Thus far cotton mills employing about 90,000 hands have decided to restore the schedule of 1897.

A CONSERVATIVE MINISTRY.

Senor Serrato, Conservative Leader, Has Accepted the Task of Forming a Spanish Cabinet.

MADRID, March 4.—The queen regent is in the result of her negotiations with the statesmen and political leaders, informed Senor Serrato that she desired to retain the present chamber, and she then invited him to reconstruct the cabinet.

She told him that it would be impossible for him to remain premier without a dissolution.

Thereupon the queen referred the same request to Senor Montero Roa, president of the senate, who declined to give the same consent.

Finally Senor Serrato, the conservative leader, accepted the task and it is expected that he will submit a conservative ministry to her majesty for her approval.

The newspapers predict that popular demonstrations will greet a conservative ministry.

THE POPE WRITES A POEM.

His Condition is Satisfactory to the Physicians. Anniversary of the Coronation of the Pope.

BONN, March 4.—The physicians of the pope say that they are quite satisfied with his condition. When leaving the pontiff Friday evening they predicted for him a long life. Before going to sleep the pope wrote a poem, which was a description of his case as analogous to one which happened to Clement XI. He read the poem Friday morning to the doctors. The latter urged him to abstain from all stimulants, the physician who had been attending the patient wished to recover in five or six days.

This being the anniversary of the coronation of the pope, there were the usual ceremonies of flag hoisting and visits from prelates, nobility and diplomats who inscribed their names in the visitors' book.

JEALOUS LOVER'S DEED.

Kille His Sweetheart, Wounds a Hotel Keeper and a Woman Then Gets Drunk and is Arrested.

ALLEGHENY, Pa., March 4.—In a fit of jealousy Friday night Frank Krause, a hotelier at the Cedarville hotel three miles west of Alleghenyton, shot and instantly Maggie Gossel, a 20-year-old servant at the hotel. He also shot Gwen Kern, the proprietor, in the head and the maid, and he may die. Then he shot Mrs. Kern in the arm. Krause fled but was found at his brother's house hopelessly drunk.

An All Night Session.

WASHINGTON, March 4.—At 8 o'clock a.m. Saturday the conferees agreed to restore another disagreement on the armor plate and the battleship amendments of the senate on the naval bill. They agreed upon all the other provisions. These two items will be submitted to a vote of the senate.

Signed the Miner's Seal.

LITTLE ROCK, Ark., March 4.—The operators at Franklin Mills have signed a contract with the city to help pay for the new bridge over the Arkansas.

It is believed that the smaller mines around Spaulding will also sign the scale and that they will start up in full blast Monday. At Coal Hill all work is at a stand still.

Violence Suspected.

NASHVILLE, Tenn., March 4.—Tremont, the thoroughly stallion, property of Gen. W. H. Jackson, was killed in the stable Friday morning with his stile joint broken. Nothing could be done and the stallion was killed. He cost Gen. Jackson \$12,000 some years ago at Swigert's sale.

Ten Per Cent. in Wages.

NEWCASTLE, Pa., March 4.—The employees of the Carbon Limestone Co., which operates extensive quarries in this county, have just granted an increase in wages amounting to about 10 per cent. This raises their pay to the minimum scale.

Smallop Sees Abated.

PRINCETON, N. J., March 4.—The smallop scare has abated to such an extent that everything is going on as though nothing had happened at Princeton university.

PERSONNEL BILL.

War and Navy Department Will Take Action in Reorganizing the Service.

THREE HUNDRED NAVAL NOMINATIONS.

Five Major Generals and Nineteen Brigadier Generals of Volume to Be Appointed.

The Following Will be Major Generals: Shafter, E. S. Ollis, Lawton, Anderson and McArthur—A Nomination for the Vacancies.

WASHINGTON, March 4.—Action is being taken by the war and navy departments to reorganize the service under the recommendations of the naval personnel bill. Under the latter bill the president will send 300 naval nominations to the senate Saturday.

Under the army bill, the president is authorized to appoint five major generals and 10 brigadier generals of volunteers. It is the purpose to continue all those holding the rank of major general in the Philippines in that rank, although some of those in Cuba will be reduced to the rank of brigadier.

The list of major generals of the new establishment, besides officers of the regular service holding this rank, will be:

Maj. Gen. William R. Shafter, commanding the department of California.

Maj. Gen. E. S. Ollis, military governor of the Philippines.

Maj. Gen. Henry W. Lawton, en route to Manila.

Maj. Gen. Thomas McA. Anderson,

PRINCIPALS IN THE BECKER MURDER CASE.

Not since the Lester L. Moore has Chicago been so excited about a murder mystery as it is at present over the Becker wife murder case. Becker, like Latimer, a salmagundi maker, has confessed that he killed his wife in order to marry a young girl with whom he had fallen in love. She claims he destroyed her in a fit of passion, but he claims he did not kill her. The defense is that he did not kill his wife, and it is asserted that he made the confession to shield his innocent young wife from persecution.

Meeting first division, 8th army corps, now at Manila.

Maj. Gen. Arthur MacKellar, commanding second division, 8th army corps, now at Manila.

As a result of the retention of these officers in their present rank it will be necessary for the president to direct the muster out as major generals of Maj. Gen. Thomas B. Ward, who was in command of the regular army; Maj. Gen. H. G. Merriam, Maj. Gen. James H. Wilson, Maj. Gen. Firingh Lee, Maj. Gen. Jos. Wheeler, Maj. Gen. John C. Bates and Maj. Gen. William Ludlow. Some of these officers will be appointed brigadier generals.

In a partial list of the officers who in all probability will be appointed or retained as brigadier generals in the regular army: Maj. Gen. Arthur MacKellar, commanding second division, 8th army corps, now at Manila.

As a result of the retention of these officers in their present rank it will be necessary for the president to direct the muster out as major generals of Maj. Gen. Thomas B. Ward, who was in command of the regular army; Maj. Gen. H. G. Merriam, Maj. Gen. James H. Wilson, Maj. Gen. Firingh Lee, Maj. Gen. Jos. Wheeler, Maj. Gen. John C. Bates and Maj. Gen. William Ludlow. Some of these officers will be appointed brigadier generals.

In a partial list of the officers who in all probability will be appointed or retained as brigadier generals in the regular army: Maj. Gen. Arthur MacKellar, commanding second division, 8th army corps, now at Manila.

For the remaining five vacancies there will be a political scramble. It is understood that Gen. Wheeler would accept an appointment as brigadier general.

Maj. Gen. F. D. Grant will in all probability be mustered out in the spring.

There is only one way to cure Deafness, and that is by an operation. Dr. Hall's Cure is effected by instilling the oil of the musk linings of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or impulsive noise, and it is caused by the pressure of the air against the tube.

In the case of Deafness caused by catarrh, the Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten, caused by catarrh, which is mostly due to an inflamed condition of the mucous surfaces.
